KidSport believes that no kid should be left on the sidelines and all should be given the opportunity to experience the positive benefits of sports.

KidSport - A Children's Charity

KidSport is a children's charity dedicated to assisting children of families facing financial obstacles to participate in community sport programs. The KidSport goal is to provide these children with the opportunity to learn the fundamentals of teamwork, dedication and responsibility through participation in sport. Supporters of KidSport can rest assured, **100% of proceeds** will go directly towards paying registration fees and or providing the necessary equipment for participation in organized sports.

All kids should be given the opportunity to develop healthy lifestyles, no matter the financial barriers that may exist. Staying physically active helps encourage children to maintain healthy habits throughout their whole lives. The challenges that come with playing sports also teach children valuable life lessons and skills including Leadership, hard work, dedication and self-confidence.

KidSport believes the primary goal of sport is for all kids to play and have fun. Sport also provides children with the opportunity to learn the fundamentals of teamwork, dedication responsibility and perseverance.
