

KIDSPORT BRITISH COLUMBIA

IMPACT REPORT

ABOUT KIDSPORT BC

KidSport BC seeks to remove the financial barriers to sport participation that many under-resourced families face in British Columbia. Operated as a program of Sport BC, KidSport provides grants for individuals to help cover the cost of sport registration fees.

OUR MISSION

KidSport supports children who need financial assistance with sport registration fees. We believe that the power of sport participation promotes the development of children's social, mental and physical well being. By increasing access to quality sport programs, KidSport strengthens communities across Canada.

With 40 chapters across the province, funding for KidSport directly shapes sport in each of those communities. For communities that don't have a chapter, grant requests are supported through KidSport BC's Provincial Fund.

ABOUT SPORT BC

Sport BC is the non-profit federation, representing 75 Provincial Sport Organizations (PSOs), Multi-Sport Organizations (MSOs), and Disability Sport Organizations (DSOs) in British Columbia. Together, we build healthy communities, friendships, leaders, connections, and resilience. We, along with our members and KidSport Chapters, work to enhance and support sport participation in British Columbia ensuring everyone has the opportunity to thrive through sport.

Keep up to date with our efforts at www.sportbc.com.

YEAR IN REVIEW

We continued to see recovery in the sport sector this year, which was reflected in our granting activities in 2022 with another year over year increase in both the number of grants funded and the total dollars distributed. While totals are still not quite back to pre-pandemic levels, we know there are many families that need support and focused our efforts on awareness and outreach to ensure we are reaching as many families as possible.

Of course, with the increase in grant applications there is a need for additional funding to ensure we continue to meet the demand. We are grateful to the Province of BC for their continued annual support and to the generous individuals, corporations, sport partners and community events that contributed to KidSport BC this year.

WITH GRATITUDE

KidSport BC receives several messages from individuals who have expressed their gratitude for KidSport funding. These messages illustrate the importance of KidSport grants to many families and the powerful impact that sport can have in supporting both the physical and mental health of our kids and youth. Here's one example:

Thank you, for funding my daughters' CanSkate lessons with the Cheam Skating Club. They have been enjoying their classes and are improving with every class. It would have been near impossible for us to financially support them in their sport without the financial support of KidSport.

- Grateful KidSport parent

COMMUNITY CHAPTERS 2022

In addition to the Provincial Chapter, there are 40 community chapters across the province, the majority of which are completely volunteer-run. Each chapter raises funds, accepts applications and distributes grants in its own community.

Approximately 232 dedicated individuals serve as members of chapter committees, with many more contributing to the program's success through special events. We are grateful for all of the time and energy they put into championing the KidSport cause in their respective communities.

OUR PARTNERS

We would like to thank the following organizations for their significant contributions to KidSport BC in the 2022-23 fiscal year

The KidSport concept was launched in 1993 by board and staff at Sport BC as a way to help address the challenges faced by many families when registering their children in organized sport.

Since then, the KidSport program has expanded to become a national entity with operations in 11 provinces and territories and over 160 community chapters across Canada.

Here in BC, more than 80,000 kids have been funded for a season of sport, totaling over \$19M in grants since the program's inception.

So ALL Kids Can Play!

We believe that the power of sport participation promotes the development of children's social, mental and physical well being. By increasing access to quality sport programs, KidSport strengthens communities across Canada.

Thank you for your continued support so ALL kids can play!
