

REGISTRATION GUIDE: HOW TO REGISTER

1. Visit kidsportcanada.ca/move430 and click the link that matches your province.
2. Once on your province's MOVE430 page, click the Join the Challenge button on the main header, or the Register link in the upper menu.

3. Once you're in the registration form, start by selecting the community you wish to support. You can scroll through the list or use the search tool. This is the KidSport Chapter/community your registration fee and any donations made on your personal page will be directed to.

Search for the KidSport chapter you would like to support. If you don't see your community listed, it's likely supported through the Provincial Chapter (select KidSport BC).

Search location

Select a community to support

- KidSport 100 Mile House
- KidSport Abbotsford
- KidSport BC

4. Next, choose how you will participate.
 - a. Create a team if others will join you and you want to have your fundraising pages connected under one group. If you create a team, you'll automatically become the Team Captain. This means you'll create the Team (Group) page AND your Personal Page in one registration. You'll need to give your team a name – this might be your company name if you're joining with colleagues or any other fun title for your group, OR
 - b. Continue as an individual if you're joining the challenge solo.
 - c. Once other teams are registered there will also be an option to Join a Team. If a friend invited you to join, use this option so your pages will be linked and you can work together towards your fundraising goal. Scroll to find the team you want to join or use the search tool.

Create a team

By creating a team you will be designated as the Team Captain and be able to recruit others to join your team.
